Good morning Y6,
I hope that you are all well and that you are keeping yourselves busy. If you are like me, you have probably spent the week adjusting to the way that we are having to go about our lives and having to find new ways of keeping ourselves busy. I have spent the week in school supporting the adults who are looking after the children of key workers and those parents who are working in the NHS. I hope that you managed to pause for a moment yesterday evening and give all the staff and volunteers who work or support the NHS/key workers a HUGE round of applause. Our school gates are decorated with rainbows of appreciation for our key workers and I know that some of you have also made some at home. It would be great if you could share your rainbows with me so that I can Tweet them out to our school community.
If you caught my video you will know that last Friday was a very emotional day for me. I sincerely hope that it was not your last day at school, and that we will see each other again so we can give you a proper Barton send off. I am very proud of every single one of you. The way in which you have risen to the challenge of being in Y6 and the effort and hard work you have put in so far into your studies should be highly commended. This has been highlighted for me again this week as I have been truly impressed with the way in which you have got on with the tasks that Mr W and Miss M have set you online. Truly impressive! So I would like to say a huge thank you to you all for continuing with your learning journey at home and for working so diligently on your tasks and activities. Keep up the good work Y6 and keep on doing us proud!
Stay safe, and look after yourselves.
Mr K
