I have a dream

By Lola

I have a dream to live in a cleaner world where pollution is no more.
There will be purer air and clear blue skies furthermore.
There will be more walking and cycling so health will shine too.
Everything recycled through and through.

I have a dream to live in a world where everyone is equal.
People will be treated for the kindness they share.
Judgement will no longer be there.
All will be fair, just love, no war and everyone will care.

I have a dream to live in a world free of disease.
People will run free-a long life of ease.
Families and loved ones will suffer no more.
A world where doctors and nurses care, without all the gore.

I have a dream where rainforests will stand.
Grow great in their glory and people understand.
Trees are needed not just for air.
But the animals and planet, to show that we care.

I have a dream animals will have a voice.
People need to give them this choice.
Animals deserve to have rights too.
No testing, no killing for me or for you.

I have a dream that all people live in peace.
People will matter all over the world.
Regardless of skin colour, age and pace.
Everyone matters, we are all one race!

These are my dreams, my hopes and aspirations,
People and animals united as one.
A world that is peaceful, equal and fair.
A world we can all enjoy and share.
