Day 57

THE REALLY HORRIBLE CHALLENGE QUESTION

Use a bar

4 Sarah is doing a coast to coast walk. She is doing it over 7 days.

- At the end of the first day the ratio of the distance travelled to the distance remaining is 1 : 5
- On the second day Sarah walks 15.5 miles.
- At the end of the second day she has completed 25% of the walk.

How long is the coast to coast walk?

186 miles
